

Based in Alzenau, near Frankfurt in Germany, Hyundai Motorsport GmbH is responsible for Hyundai's global motorsport activities and primarily for its World Rally Championship program. In parallel to its title winning WRC campaign, Hyundai Motorsport's Customer Racing department was created with the aim of enhancing Hyundai's motorsport image around the world with the Hyundai i20 R5 rally car and the Hyundai i30 N TCR for circuit racing.

We are now hiring a **Quality Control Specialist**

Main tasks

- Inspect and measure incoming parts with geometric dimensioning and tolerance knowledge to ensure that they meet quality standards
- Perform metrological tests and inspection on basis of technical drawings
- Handle standard measuring tools (Caliper, Micrometer, etc.)
- Carry out complex tests and measurements with CMM and 3D laser scanning techniques
- Create and update the procedures in regards to the daily and future activities
- Solve problems and take over root cause analysis activities with suppliers to eliminate recurrence of non-conformances
- Write reports to document deficiencies and errors of products
- Keep the department organized and clean to ensure best practices

Qualifications

- Relevant vocational qualification or degree in technical field
- Ideally further training or extended experience in quality control
- Knowledge of programming and running standard measurement systems, CMMs (Mitutoyo) or laser scanning arms (FARO)
- Good and effective communication skills to liaise with various parties both internally and externally
- Proven ability to pay strong attention to detail and meet tight deadlines
